

Robotics Expo 2026

YCCE, Nagpur | June 25, 2026

About the Event

YCCE's Robotics Expo brings together student innovators, robotics clubs, and industry mentors for a day of live demonstrations, competitions, and hands-on workshops. Open to all engineering students across affiliated colleges — no prior robotics experience required to attend.

Schedule

Time	Session
9:00 AM	Registration & Opening Ceremony
10:00 AM	Robotics Showcase — Student Projects
12:00 PM	Line-Follower & Maze-Bot Competition
2:00 PM	Workshop: Intro to ROS (Robot Operating System)
4:00 PM	Industry Panel: Careers in Robotics & Automation
5:30 PM	Prize Distribution & Closing

Who Should Attend

Engineering students (any branch), robotics club members, and anyone curious about automation, embedded systems, or AI-driven robots. Team registration is encouraged for the competition track.

Registration

Registration is free for students with a valid college ID. Seats for the ROS workshop are limited to the first 60 sign-ups. Register through the CampusConnect AI Internship & Events section or contact your campus coordinator.

This is a demo/placeholder flyer generated for testing the Add News file upload feature on CampusConnect AI.
